In-Home Childcare Fire Inspections

March 16, 2023

In-Home Childcare Providers,

Due to staffing challenges, we are currently unable to provide in person fire safety inspections for home childcare operations. As such, you will be required to perform your own in-home childcare fire inspection.

[WAC 110-300-0170 - Fire Safety](#)

(2) An early learning provider must arrange for a fire safety inspection annually. A provider must arrange a fire safety inspection with a local government agency. If a local government agency is not available to conduct a fire safety inspection, a provider must inspect for fire safety using the state fire marshal form.

Please see the In-Home Childcare Facility Inspection Checklist on the following page, from the State Fire Marshal Office. Once completed, keep this checklist in your facility records.

Thank you.

Joe Lindsay
Fire Inspector
